December 5, 2017

To Whom It May Concern,

Two years ago we were asked by Mr. Shea Katz to support a new mikvah construction in North Miami Beach. At the time we met with a number of Rabbonim and laypeople from the North Miami Beach area and concluded that there would be significant benefit to *taharas hamishpocha* if there would be a new, clean and welcoming mikvah in the area.

The *zchus* associated with bring even one family to taharah is immeasurable. Please do your utmost to support this most worthy project!

Thank you,

Rabbi Y. Bistrizky
 Director and Founder of Mikvah USA
